## Opportunities for Student Volunteers

Family Reading Partnership is a not-for-profit organization whose mission is to encourage families to read to their children right from the start of life! We give new books and used books to families with the help of many partners in our community and encourage and support families to read aloud to children. Children who have had lots of experiences with books before they begin school are more likely have success learning how to read.

You can be a part of this important work by being a volunteer! Most volunteer opportunities are at our office, which is located in Danby, 6 miles south of Ithaca, off of Rt. 96B., however, we also have events at other locations.
